Tour Highlights

- Craft experience option 1: Handmade soy candles and demonstration. Soak up the smells and beautiful creations of our local candle maker who has an eye for designing candles that will lift the décor in any home. Candle demonstration and store visit.
- Craft experience option 2: Glass bead & Jewellery making demonstration. Bright unique beads are selected by the party for their very own set of earrings to be created on the spot along with a demonstration of how one bead is made. Stunning vibrant colours leap from the gleaming glass, just think of your favourite top and find a bead to match for your earrings. Glass bead demonstration and store visit
- Discover fine examples of sustainable & enviro practices with a visit to the new Matakana Botanicals (nee Lesfloralies) site. Known for its fine bath and body products, the brand has upped its green credentials with innovative systems like seaweed irrigation & worm farms. Many other delights to discover here include quality lotions, lip balms, scents of coco & vanilla to lime & grapefruit and more.
- Meander along a 2.5km trail dotted with large sculptures amongst a vineyard, native bush and lakeside setting. Approximately 40 works of art dot the trail in total.
- Discover the flavours of the Matakana Coast over a vineyard lunch of an antipasto platter. Many artisan foodies call Matakana home and the vineyards make the most of it by designing delicious platters of local gourmet produce.
- Choose our optional add-on of a goody bag - one for each guest, full of locally produced treats.
